Honorable George C. Wallace
Governor of Alabama
State Capitol
Montgomery, Alabama 36130

Dear Governor Wallace:

In accordance with the provisions of §27-2-9, Code of Alabama 1975, the Annual Report of the Commissioner of Insurance, covering the operations of all insurance companies authorized to transact business in Alabama in 1985, is transmitted herewith.

Your attention is directed to that portion of the Report entitled "Summary of Operations" which gives in some detail the activities of this Department.

The amounts used in the financial sections were taken from the Annual Statements filed by the various companies, without audit or verification.

Sincerely yours,

Michael DeBellis
Commissioner

MD:df

Summary of Operations

The insurance business in Alabama increased substantially in Alabama during 1985 with Alabamian's paying $4.35 billion in premiums for all types of insurance, an increase of 12.9%. The 1985 growth rate may be compared to 13.2% in 1984, 6.3% in 1983, 10.3% in 1982, 4.1% in 1981, 7.6% in 1980 and 9.0% in 1979.

Premiums collected by property and casualty companies increased by 27.7% to $1,885,792,000 from the previous year, and the direct premium and annuity consideration for all life companies increased by 3.3% to $1,074,669,000. Accident and health premiums totaled $1,374,932,536, an increase of 3.62%. Title insurance premiums totaled $10,473,000.

In 1985, the insurance industry paid to the Department $90,067,363 in premium taxes and fees. Of this amount, $69.8 million was deposited to the General Fund, and $20.1 million to the Special Education Trust Fund.

During 1984-85, steps were taken to expand and upgrade our use of computers. That process has now been completed.

In 1986, the Department was successful in getting legislation passed to close the so-called "loophole" in the Holding Company Act. That "loophole," under certain conditions, permitted a company to sell its authorized but unissued stock prior to filing for a hearing with the Insurance Department.

The Department also worked closely with officials of the State Health Department regarding the passage of a bill regulating Health Maintenance Organizations (HMOs). That bill will require HMOs to meet certain financial requirements established by this Department.

Also during 1986, the Department formulated regulations which we hope will control agents taking advantage of senior citizens of this state in selling Medicare supplement policies and life insurance. One of those regulations will require that all checks be made payable directly to the insurer rather than to the agent.

Statistical data covering insurance premiums and losses are for calendar year 1985 and are compiled from data furnished by the Central Office of the National Association of Insurance Commissioners. Information regarding premium taxes and fees collected by the Department and Departmental disbursements is for the calendar year October 1, 1984 - September 30, 1985.

The Insurance Department consists of six operational divisions: Agents' licensing and testing, life and disability, property and casualty, receivership, legal and financial examination. Also a part of the Insurance Department is the State Fire Marshal's Office. The Commissioner of Insurance is an ex-officio member of both the Alabama Securities Commission and the Alabama Arson Prevention Task Force.

Alabama's insurance laws require that all contracts of insurance, other than uncontrolled marine and aviation policies, be approved by the Department prior to their use in this state. A consulting actuarial firm is employed to review

all life and accident and health policy forms. Any variance from required provisions of the Code or Departmental Regulations must be corrected prior to their acceptance.

There is no price regulation over life or accident and health insurance, except for certain Blue Cross - Blue Shield policies and Medicare supplement policies. Most property and liability rates are subject to the Department's approval. Services of consulting actuaries are obtained, when needed, to assist the staff in the evaluation of those rate filings requiring regulatory approval.

Responsibilities of the Legal Division, other than litigation, involved reviewing applications for the sale of securities in Alabama, drafting the Department's legislative program, and assuring proper interpretation of the Insurance Code. During 1986, the Legal Division initiated numerous proceedings against insurance agents and insurance companies. In addition to administrative actions, the Legal Division represented the Department in the State and Federal courts of Alabama and other states on matters ranging from insurance receiverships to enforcement of fire codes in county jails and other public facilities.

During 1985, Insurance Department examiners conducted 22 triennial on-premises financial and market conduct examinations of domestic insurance companies in addition to the eight examinations which were in progress at year-end 1984. Four examinations were continued on into 1986.

At the beginning of 1985, two Insurance Department examiners were assigned to full-time responsibilities with the Department's Receivership Division. One examiner has been in Fort Worth, Texas in charge of the Early American Insurance Company (AL) receivership, and another has had the responsibility for the Standard Fire Insurance Company of Alabama receivership in Birmingham. Both of these companies, part of the Western Preferred Corporation Group, were placed in receivership by local courts on January 15, 1985, and are involved in extremely complex liquidation proceedings which will continue for some time to come. Receivership activities also continued for Empire Life Insurance Company of America and Life Insurance Company of America during 1985. These companies were placed in receivership in 1972 and 1978, respectively.

Each year, numerous insurers from other states make application for admission to Alabama. In 1985, our Admissions Committee reviewed 65 applications and approved 31 companies for licensing. During the five-year period from 1981-1985, 374 admission applications were reviewed and 223 companies licensed.

In 1985, the Agents' Licensing Division scheduled 17,605 agents' licensing examinations for 10,282 applicants. For the previous year, the corresponding figures were 17,240 and 9,659.

An abbreviated report pertaining to the State Fire Marshal's office is attached. Statistical data covering the activities of that office may be obtained upon written request.

Re: 1985 Annual Report
State Fire Marshal's Office

Dear Mr. DeBellis:

In accordance with Section 36-29-26, Code of Alabama 1975, the annual report of the State Fire Marshal is respectfully submitted for your information and approval.

In 1985, there were 140 fire fatalities in the state. This is an increase of 42 fire fatalities over 1984. Ninety-one (91) fire fatality causes were undetermined or were not reported for investigation.

This office investigated 49 fatality cases and murder/arson was determined in three (3) cases, and an attempted murder/arson in another case. This further points out the necessity for legislation requiring taking blood samples from all fire fatality victims and a determination being made by the coroner and medical examiner or the State Department of Forensic Science as to whether or not a postmortem examination is necessary to properly identify the victim and determine the cause of death.

In 1985, court action was taken against 157 defendants charging them with arson or other offenses in cases pending at the beginning of 1985. Dispositions of those cases are set out in the statistical section of this report.

In 1985, personnel of this office investigated 754 fire cases, and action was initiated against 136 defendants for arson and other offenses. The disposition and status of those investigations are set out in the statistical section of this report.

There were 604 general inspections conducted. In addition, there were 187 inspections of gasoline service station and bulk storage facilities. Thirty-three (33) reinspections of county jails were

conducted. One new jail was inspected, and two (2) jails were approved.

Thirty (30) inspections were conducted of city jails, and two (2) were approved.

Plan reviews were conducted on eleven (11) sets of plans for jail facilities, ten (10) were approved, and recommendations were made on one (1) set.

Plan reviews for day care centers, restaurants, etc., totaled 51 sets, forty (40) were approved, and recommendations were issued on eleven (11) sets.

There were 1,169 inspections conducted of fireworks sales locations. Permits were issued for 1,348 retail locations, and 110 public display permits were issued. Permits were also issued for 26 wholesaler permits and 14 distributor permits. A total of $50,810 was collected for these permits.

Ninety-seven (97) sprinkler contractor permits were issued in 1985, for a total of $9,700.

It is recommended that legislation be sought to require plans and specifications for public assembly high-rise buildings, day care centers, restaurants, lounges, shopping centers and other facilities which are required to meet state fire codes and regulations be submitted to the State Fire Marshal's Office for review. A fee schedule should be authorized for the review of the above plans and specifications by this office.

I respectfully call your attention to the fact that the workload of this division has steadily increased to the point that in almost every territory the deputy state fire marshal is completely overburdened with the assignments. It is especially hard for the deputies to conduct inquiries properly due to the number of requests and the size of their territory. This problem continues to be magnified two times each year by the large number of fireworks inspections the deputies are required to conduct. During the two weeks preceding the fourth of July and Christmas, the deputy state fire marshals are not able to respond to any investigative requests other than fire fatalities, extremely large losses or other emergencies.

As you are aware, an amendment to the fireworks law has been introduced in the legislature for the past three (3) years. It is recommended that we again make every effort in upcoming legislative sessions to secure the passage of the amended fireworks law, which would alleviate a portion of this increased workload on this division.

This division is understaffed, and it is my recommendation that additional deputy state fire marshals be employed as soon as possible so that the larger populated areas of the state and areas of extremely heavy workload can be adequately covered. It is further recommended that one additional secretary be employed as a Clerk Typist I for typing investigation reports that are sent in by the deputy state fire marshals.

It is further recommended that a dictaphone be purchased for this division and proper dictating recorders be supplied to the men in the field so that they may dictate their reports for typing.

I am of the opinion that this would speed up reporting of investigations and other activities in the field and make these men available for additional work assignments, which would make this division more productive.

Please be assured of my desire to cooperate with you in all matters of mutual interest.

Sincerely,

Roy L. Thornell

Roy L. Thornell
State Fire Marshal
